Welcome to Creepy Castle! Are you up to a fun day of solving creepy mysteries?! There's a strange voice in your room, you're seeing ghosts, reading messages from beyond and so much more! To solve the mystery of what's going on, you'll have to think fast and act fast. Good luck! Betrayal - LEVEL 3+ You're a priestess of Isis, having been chosen for the job of bringing the goddess back to life. But once you get the job, you quickly realize things aren't what they seemed. A chance encounter with a woman leads you to a series of strange events, because things are not what they seem. Plot The woman has been missing for nearly two decades. The mysterious woman is a sculptor who disappeared when she was just 15 years old. There are rumors she was murdered, but there's not much evidence to support that theory. The woman's body was never found. You think you'll be able to find her in order to finally rest in peace, but you soon realize the truth about who she really is... a being of pure evil. Hints The beginning of the game is very simple. The choices made in the first moments of gameplay will affect what happens later. Only by researching the truth will you truly know why the world is the way it is. Make sure you pay attention to the tiniest details! Characters Brett: You play as the healer of the game. After a chance encounter with the woman, you realize she is something out of this world, so you set off to find her. The result? A series of scary events that quickly lead you on a journey that will change your life forever! Brett: A woman who disappeared when she was just fifteen, her body was never found. The mystery of her disappearance started to intrigue you. Soon you learn that she is a woman of pure evil. Jen: When you get near her, she startles you. She just appeared, out of thin air. You don't remember if you've seen her before, but you keep your distance. How to beat it Once you get to Chapter 3, you'll receive a new quest: 'Betrayal', a level 3 mission which takes you into some new territory. You've been sent to her village. You visit her village, but you don't find the woman there. So, you go to the next village to talk to someone in

The ultimate snowboarding game: the last word in snowboarding excitement! Xp21 locus deletion syndrome Xp21 locus deletion syndrome (XLDS) is a contiguous gene syndrome, that is a clinical condition characterized by deletions in the Xp21 locus. The syndrome is commonly associated with intellectual disability, short stature, and behavior problems. Discovery and classification The deletions were initially identified in patients with severe growth retardation. Subsequently, Bocarro et al. reviewed 83 Xp21 Deletion Syndrome patients and identified typical clinical features in 37. The authors suggested that the Xp21 deletion syndrome could be a genetically and clinically heterogeneous disorder. The Xp21 locus contains at least 43 genes. Intriguingly, there are over 40 genes which have functionally proven evidence in the literature to be responsible for the syndromes in the Xp21 locus, highlighting the difficulty in raising the severity of symptoms as a cause for the Xp21 syndrome. Phenotypic spectrum The Xp21 locus deletion syndrome is a congenital disorder that occurs in over 1 in 100,000 live births. The syndrome was renamed and is now known as Delle-Wilson Syndrome or simply Xp21 deletion syndrome. XLDS is a contiguous gene syndrome. This means that there are genes that are located within the deletion regions of the syndrome. This results in inappropriate gene expression for these genes. Typically, the deletion

If you enjoy devious world-building and punishingly difficult pixel-art platforming, check out the demo available on Itch.io to get a small taste of what MURICA is all about! You can download MURICA for Windows, Mac, and Linux from Itch.io here. Please note that MURICA is not a 'download and play' type game. You will need to own the game or be able to purchase it in order to play. You can play MURICA online via the Itch.io site. You can donate to help maintain the server and gain other perks in-game via Patreon, here. Feel free to use the discussion tab to leave feedback and report any bugs. If you have a problem, reach out to my support agent. But don't be surprised if you have to wait a while to speak to someone, as they're a bit busy. Thanks for playing! "Worth" changes to money depending on the currency traded on the other game sites. So what's the true value of MURICA's money in MURICA dollars in comparison to buying MURICA's game over at Itch? We got \$50. Haha, ok, I have to say I am impressed, so far it is running smooth and everything! Will likely be getting this in the next few days I'm sure, seeing as the steam sale is coming soon. Congrats on making the highest quality title for steam! Good luck with your Steam sale and keep up the good work! Thank you for being awesome! Edit: Also, my video of the demo in action is up. Hopefully it shows off the features of the game well enough that people can't wait to play it. Hey @archer1300, awesome! It's incredible that what started as a "fun little project" has such a huge following! I'm hoping to sell a few t-shirts to offset the costs of development! I have some ideas for t-shirts (among others), would you be interested in contributing? It may take some time to get everything set up, but please let me know if you're interested! Edit: Also, my video of the demo in action is up. Hopefully it shows off the features of the game well enough that people can't wait to play it. You don't have to sell them to me.
